Herbalist Potion-Maker T-Shirt

DESCRIPTION

The herbalist's favorite inside joke, printed loud and proud:

"Herbalist — Because Potion-Maker Scares People."

For everyone who quietly knows their work is a little bit magic. You measure, you steep, you coax wellness from root and flower — but "herbalist" simply lands softer at a dinner party.

A knowing wink to the wise plant-tenders who keep one hand in the apothecary and one in the spellbook, and happily wear the title the world finds less alarming.

Call it herbalism. You know what it really is.
